Im 14-15 years old and i lived lots of bad things. When i was 9 i saw my mom was holding gun to my dad etc... My dad cheated my mom. Both of them hate me. I fail at school so bad. I dont have friends or girlfriend. I lived lots of bad things (i don want to write all of them there) i Forgot smiling. I wish i could forget everything. I wish i was dead. what should i do to be happy? Kill my dad? (I ***** HATE HIM) Kill my mom? Kill myself? Selling soul to satan (not joke) Using drugs? (So i can forget everything) Help me please i dont wanna cry anymore: (Its so hard. This is not another teenager question. Im much more mature than being teenager cause i even saw my best friend murdered 2 year ago. I lived lots of thing. Please someone help me:(
